BALANCED

For a balanced state of mind and body.

A specially designed Yoga session, in which 'Equal Emphasis' is given to Postures (Āsanas), Breath (Prānāyāmās), Gestures of Energy Flow (Mudrās) and Awareness of Mind (Meditation). The basic intention is to bring about a harmony in the Physical, Mental, Psychic and Spiritual aspects of the practitioner.

ADVANCED

Static, classic Postures (Āsanas) will be performed to have a profound influence on your well-being. With the appropriate guidance of our teachers, intermediate and advanced practitioners can feel an enhanced level of awareness through the exploration of various Breath Control (Prānāyāmā), Gestures of Energy Flow (Mudrā) and Psychic Lock (Bandhā) practices. The session comes to a close with a short relaxation practice.

ADVANCED SURYA NAMASKAR Sun Salutations

For a complete energisation of the body.

Bring out your inner radiance with this, ancient sequential practice of Yoga that pays tribute to the Sun, a symbol of radiance and spiritual consciousness.

An effective way to loosen up, stretch, massage and tone all joints, muscles and internal organs of the body. Done with advanced Awareness of Movements, Breath and special Sound Vibrations (Mantras), which activate the energy centers (Chakras) thereby energising the body-mind system. A group of 12 dynamic Āsanas form the physical matrix around which the practice is woven. Wrap up this invigorating session with a short relaxation practice.

GENTLE

As the name suggests, this group of Āsanas is extremely gentle, but works hard at loosening all the major joints of the body. In this practice, you will experience the benefits of a series of anti-rheumatic exercises. An exclusive of the Bihar School of Yoga, these practices are recommended if vigorous physical exercise is not possible. End the session with a short relaxation or meditation practice.

DYNAMIC

Dynamic practices primarily involve energetic movements of the body. These are intended to increase flexibility, stimulate circulation and release energy blocks from different parts of your body. Feel a renewed energy infusing vitality into your being. Bring your energised body to a state of calm with Prānāyāmā (controlled breathing) and a short relaxation session.

PRĀNĀYĀMĀ with Mudrās & Bandhās

Balancing the vital energy – through Breath, Gestures and Psychic Locks

Prānāyāmā is a Yogic technique to control the intake and outflow of breath and in the process expand the vital energy within us. Prānāyāmās when used with Mudrās (Psychic, Emotional, and Aesthetic Gestures) and Bandhās (Psychic Locks) creates an intense flow of conscious energy in a specific region. Feel your breathing improve with this practice and also bring your nervous and Pranic system into equilibrium. End the session with a short meditation or relaxation practice.

THEY ALSO WORK ON A PSYCHOLOGICAL LEVEL TO IMPART AN INNER FEELING OF LIGHTNESS AND WELL-BEING.

LAGHOO SHANKHAPRAKSHĀLANA

Cleansing and rejuvenation of the alimentary canal

An early morning practice of cleansing the intestine, by drinking saline water and performing a series of Postures (Āsanas). The combination of the saline water and the peristaltic movement, stimulated by the Āsanas, work to wash and clear the intestines of underlying impurities. An extremely rejuvenating practice.

KUNJAL KRIYA

Cleansing of the stomach and throat: Decongesting the chest and lungs

A practice of cleansing the digestive tract, chest and stomach with saline water. On a physical level, this practice is exceptionally beneficial in alleviating chronic respiratory and digestive problems, such as asthma and acidity. On a more subtle level, it works to release suppressed emotional and mental disturbances. The session ends with a meditation practice.

JALA NETI

Cleansing of the nasal passage: Activating the energy centers in the facial region

An ancient Indian Yoga technique of cleansing and purifying the nasal passages with saline water. Using a special Neti pot, this process flushes the nostrils and clears the nasal passages. This practice ends with a short Prānāyāmā session, leaving you with a feeling of lightness and clarity. It is a panacea against colds and sinusitis. It also brings about a complete activation of the five senses.

MEDITATION

MEDITATION REFERS TO THE STATE OF MIND WHERE THE BODY IS CONSCIOUSLY SOOTHED AND RELAXED, WHILE THE MIND IS MADE CALM AND COMPOSED. SINCE ANCIENT TIMES, IT IS BELIEVED THAT MEDITATION RESTORES HARMONY, AND REJUVENATES AND HEALS THE MIND, ALLOWING IT TO RELEASE STRESS AND FATIGUE. MEDITATION HELPS TO REMOVE THE SUBTLE MENTAL BARRIERS WITHIN OURSELVES AND PRESENTS A BETTER UNDERSTANDING OF OUR PERSONALITY, THOUGHT PROCESSES AND OUR SURROUNDINGS.

A HOLISTIC KNOWLEDGE SYSTEM, AYURVEDA DEALS WITH NOT JUST THE PHYSICAL, BUT ALSO THE MENTAL, THE EMOTIONAL, THE SPIRITUAL AND THE ENVIRONMENTAL ASPECTS OF WELL BEING. IT IS THIS MULTI-DIMENSIONAL PERSPECTIVE THAT MAKES AYURVEDA TRULY UNIQUE.

Ayurveda further defines health as happiness and disease as sorrow. It has a two fold objective - to attain 'Sukha' - happiness and more importantly to prolong this state of bliss.

CONSULTATION

Ayurveda believes that every one of us is unique; there are no standard prescriptions or programs. We respect the individual in you and hence after a consultation with our Ayurveda physician, a course of treatment is prescribed. This is based on a careful scrutiny of your lifestyle, your medical history, your needs and in true royal mode, your likes and dislikes as well. The prescribed plan includes treatments that are administered by our trained therapists with the appropriate blend of oils and herbs. This consultation is extremely important for deciding the ideal Ayurveda program for you. For long term benefits, the physician will also offer a lifestyle consultation to benefit your health requirements.

ABHYANGA Including Snānā

The medicated herbal oil application, Abhyanga is not only a massage; it is a program where the oil is liberally applied using soft and gentle strokes in the downward direction. The mere soaking of the body in the prescribed oil for the said duration on a regular basis yields wide ranging benefits such as good appetite, alertness during the day, good sleep at night and reduced stress levels. It removes fatigue and daily aches and pains, gives a glowing skin and most importantly helps to build your immunity.

SNĀNĀ Traditional Medicated Bath Experience

Ayurveda desires that you continue to remain in the state of 'gentle ease and calmness' which you have drifted into during our various body treatments. You will be bathed by our therapist using a soothing combination of herbal paste and medicated water.

UDVARTANĀ Including Snānā

A body toning program, Udvartana is the application of a combination of herbal powder and oil on the entire body, excluding the face. When this treatment is taken as part of a program including an appropriate diet, regular exercise and internal herbal medication, as prescribed by the Ayurveda physician, it helps to reduce weight and gives you a well-toned body. The blend of powder and oil also acts as a scrub to improve the texture and rejuvenate your skin.

MUKHALEPĀ Traditional Herbal Facial

A traditional beauty regimen, this Ayurveda facial gently cleanses and tones delicate skin. A medicated face pack enriched with natural herbs followed by application of exotic Saffron oil, enhances the texture of the skin, leaving it blemish-free. A relaxing foot massage adds a soothing touch during the treatment.

DINACHARYA Including Snānā

A gateway to the world, our senses connect to the mind and the consciousness, completing the circle of perception. This program gives you an experience of the physical cleansing process in the dinacharya or daily routine program, wherein each of your senses is carefully looked after. The perception of the sense of smell, taste, form, touch and sound is dependant on the proper functioning of the nose, the tongue, the eyes, the skin and the ears. Using oils/herbs based on the physician's recommendation, the therapist will proceed to gently work with each of your senses using the following treatments:

ANJANĀ – The gentle application of a medicated liniment to the inner skin of your lower eyelids. This treatment removes impurities, accentuates the natural beauty of your eyes and improves eyesight, when practiced regularly.

NASYĀ – Two drops of medicated oil are instilled in each nostril, which is then inhaled deeply. This enables removal of phlegm from the respiratory channels thus permitting easy breathing and better perception of the sense of smell.

GANDUSHĀ – A medicated therapy that gently improves oral hygiene by holding natural fluids like milk, honey, oil, etc., (as recommended by the physician) for 3-8 minutes in the mouth. This treatment will strengthen your teeth and gums, and more importantly, improve sensitivity of your taste-buds and freshness in your mouth..

DHUMAPANĀ – A therapy that requires inhaling medicated fumes through each nostril to experience an enhanced sense of smell. It removes excess phlegm and also opens up the sinuses.

KARNAPOORANĀ - A few drops of medicated oil are instilled into each ear canal to experience more clarity in your sense of hearing. Also prevent build-up of earwax with this medicated oil.

ABHYANGA – as described above.

KATI BASTI / PRUSHTHA BASTI

A time-honoured intensive treatment highly recommended for relieving fatigue of the upper or lower back.

Katibasti is a therapeutic application in which warm medicated oil is poured into a black gram dough ring and placed on the spot of pain or discomfort. The deep fomentation of the oil radiates through the muscles releasing tension and stiffness.

A light massage with the spa's therapeutic oil enhances the benefits of this treatment, leading to deep relaxation and comfort.

At least three treatments of Kati Basti are recommended for maximum benefit.

PICHU

An authentic traditional treatment for relieving stress and stiffness in your joints or back.

Cotton and linen pads 'Pichu', soaked in hot medicated oils are gently placed on sore joints or back to offer immediate relief from pain and discomfort. The warmth of the soaked pads seeps into the body and induces a deep sense of relief.

Short, gentle and rhythmic massage strokes followed by a medicated herbal pack further alleviate stress and enhance the healing process. Emerge from this treatment with renewed agility and comfort.

At least three treatments of Pichu are recommended for maximum benefit.

Note

- It is mandatory that every guest has a consultation with the Ayurveda physician before commencing any treatment.
- Some of the benefits described above can be achieved when programs are done on a regular basis and the advice given by the physician is adhered to.
